

Unirubber EPDM Virgin Granules

»Elastic allrounder for use in sports, leisure and commercial flooring«

Freedom to be creative: EPDM Granules by Unirubber.

Motivation in sport, enjoyment of leisure, harmony at the workplace – we have many good reasons for manufacturing granules in the most attractive colours. As a leading manufacturer in the field of coloured rubber granules for bound floor covering systems we are committed to offer the highest quality and the widest possible range of colours. In addition to our range of 24 standard colours, we will be glad to create individual special mix-colour on request for unique and representative designs both indoors and out.

High availability, flexible delivery service and a high colour re-sistance are further compelling advantages of coloured EPDM granules.

Durable

Flame-retardant

UV- and weatherproof

Eco-friendly and harmless to health

Virgin material

Inexpensive to look after and maintain

24 standard colours

Consistent high quality

» Consistent high quality

Coloured granules have to withstand demanding conditions in practice. Due to regular audits Unirubber ensures a product with a permanent high performance as well as a consistent top-quality.
